

**August 14th 2017,**

Huron Tractor Ltd is proud to announce we have secured the Precision Planting dealership for the trade area we serve today. Going forward, Huron Tractor will sell and support the Precision Planting® line of Mechanical Products (vSet, vSet Select, SpeedTube, eSet, PrecisionMeter, CleanSweep, WaveVision, BullsEye, FurrowJet, Keeton Seed Firmers) as well as Monitoring and Control Systems (20/20 SeedSense, YieldSense, vDrive, RowFlow, DeltaForce, AirForce, vApplyHD, vDrive).

“We are excited to see what the future holds for Planting in Ontario. We have positioned ourselves with the people, technology and equipment to deliver the variety of solutions that our customers demand,” said Cam Barton, General Manager of Sales for Huron Tractor Ltd.
