

Grow with us, and have a part in making Huron Tractor the “Right Choice” for our Customers!

Huron Tractor is one of John Deere’s largest partners in Canada, with eleven locations servicing Southern Ontarians. We’re proud to serve a community of customers that spans agricultural operations, commercial enterprises and homeowners, with one of the largest inventories of machines and parts in Canada.

Junior Optimization Specialist

Location: Exeter, Ontario

Position Type: Full-Time Permanent

This position works within our Precision Ag. Department, reporting to the Department Manager. The main focus of this position will be assisting customers with Precision Ag troubleshooting, basic machine optimizations, and training support. Are you technically minded with an interest in Agriculture? This position may be for you!

Why Huron Tractor?

Our commitment to great customer service starts with the great people on our team. We take pride in helping our employees develop career that reward, enrich and grow with the individual

- Great training opportunities through John Deere, as well as internal training
- Competitive compensation
- RRSP’s and extended benefits
- Employee Discounts
- Future Growth Opportunities
- Excellent team environments with a Social Committee that plans great events

Job Responsibilities

- Provide Precision Ag technical phone support with a focus on superior customer service
- Develop and present basic product training to both customers and Huron Tractor staff
- Help prepare for machine demonstrations to prospective customers by moving or setting up equipment
- Perform general machine optimization visits to customers that include instruction on settings and adjustments
- Perform administrative tasks within the Precision Ag department
- Some activities listed above may require working weekends and evenings during planting and harvest season

Qualifications

- Strong interpersonal skills with emphasis on customer service and support
- Strong technical background and proficiency with computer applications
- Agriculture background and Precision Ag experience
- Exceptional self-starting abilities
- Strong communication and organization skills
- Ability to operate with a solutions approach and identify existing/emerging customer needs
- Ability to use standard desktop applications such as Microsoft Office and internet functions
- College diploma or equivalent in related technical, agricultural, or mechanical program preferred

Notes

- This is full time position working out of the Exeter store
- Laptop and cellphone will be provided
